CARACAL LIGHT AMMUNITION Sponsor the Gulf’s First International Compak Sporting Grand Prix

- EDGE entity CARACAL LIGHT AMMUNITON are sponsoring the Gulf’s first International Compak Sporting Grand Prix, featuring elite shooters from across the globe

EDGE entity CARACAL LIGHT AMMUNITON (CLA), the UAE’s exclusive producer of high-performance ammunition and subsidiary of CARACAL, are sponsoring the Abu Dhabi International Compak Sporting Grand Prix, taking place at the Al Ain Equestrian, Shooting, and Golf Club from 1 to 4 December 2025.

As the first International Compak Sporting Grand Prix event to be held in the Gulf, the sponsorship underscores CLA’s ongoing support to grow the UAE’s influence in global shooting sports and encourage the development of a local sports shooting ecosystem.

Hamad Al Ameri, CEO of CARACAL and CLA, said: “The Abu Dhabi International Compak Sporting Grand Prix is set to be a major milestone in the UAE’s growing sports shooting community. It also represents an ideal opportunity for us to demonstrate that the local industry is ready to encourage and sustain this community.”

CLA’s sponsorship of the Abu Dhabi International Compak Sporting Grand Prix is the latest development in CARACAL’s ongoing effort to support the rapid development of a globally competitive sports shooting ecosystem in the UAE. In September last year, CARACAL signed an agreement with Al Forsan International Sports Resort for the UAE’s first accredited shooting academy to use CARACAL’s high-performance firearms to train individuals on usage regulations and essential safety procedures.
