EDGE BRIDGE Achieves ISO 21001:2025 Certification for Educational Management Excellence

- *The latest achievement strengthens BRIDGE's commitment to excellence and innovation*

EDGE Group's BRIDGE, a hub providing advanced upskilling and technology-driven solutions to enhance manufacturing excellence and innovation, has been awarded ISO 21001:2025 certification by TÜV SÜD, recognising its adherence to international best practices for Educational Organisations Management Systems (EOMS). The certification defines requirements for how education and training providers plan, deliver, evaluate, and continually improve learning services.

The milestone is particularly significant as BRIDGE becomes the first organisation certified by TÜV SÜD under the ISO 21001:2025 standard, reinforcing its role in supporting capability development, workforce readiness, and sustainable skills growth within the Industry 4.0 and advanced technology ecosystem.
