EDGE Group to Showcase Industry Leading Search & Rescue Solutions at NSRC 2022

EDGE Group today announces its participation at the International Search Rescue Conference Exhibition (NSRC) 2022, where it will showcase a wide range of innovative training programmes and a tactical airborne cellular solution that is designed for search and rescue operations and emergency response.

The event will run from 21 to 22 November at the Abu Dhabi National Exhibition Centre, and will highlight leading search and rescue organisations. JAHEZIYA, a single-stop service provider for defence solutions and emergency response services, will showcase its unique specialised fire rescue, health safety, emergency response services and training course offerings, while SIGN4L, a leader in the development of electronic warfare and intelligence solutions, will display ACTIVECELL-A, a unique search and rescue system used to quickly and efficiently locate personnel in distress situation, natural disasters area, terrorist incidents and in combat zone.

Hosted by the National Search and Rescue Center, the NSRC conference and exhibition aims to attract specialized speakers from local, regional and international levels as well as exhibit companies from around the world to highlight capabilities, experiences and lessons

learnt. The exhibition provides EDGE the opportunity to feature their latest solutions and capabilities, positioning themselves on the leading edge of tomorrow.

NSRC attendees can visit JAHEZIYA at stand B18 and SIGN4L at stand D43.
