EDGE to Supply Thermal Sights to UAE Armed Forces in AED 91 Million Deal

EDGE Group, one of the world's leading advanced technology groups for defence and beyond, today announced a contract with the UAE Armed Forces to supply individual compact thermal sights for decisive manoeuvres on land. Under the terms of the contract, they will deliver three variants of weapons sights that combine modular construction with superior thermal imaging technology.

Omar Al Zaabi, President of the Trading & Mission Support cluster at EDGE, said: "EDGE is proud to sign this milestone deal, solidifying our strategic relationship with the UAE Armed Forces and contributing to the UAE's national defence and security. We look forward to benefitting our customers through our exceptional thermal sight imaging technology, contributing to successful land operations, and bolstering the development of sovereign UAE manufacturing."
