EDGE appointed as an Official Representative of Bharat Dynamics Limited in the UAE

- *EDGE Group entity, GRADEONE, will act as an official channel partner for Bharat Dynamics Limited for the UAE market*

GRADEONE, a defence trading specialist concentrating in manufacturing non-lethal pyrotechnics, ammunition, defence-related components and packing solutions, has been appointed as an official channel partner by Bharat Dynamics Limited (BDL), a Defence Public Sector Undertaking under Ministry of Defence, Government of India, which has state-of-the-art facilities for the manufacture and supply of guided missiles, underwater weapons, airborne products and allied defence equipment for the Indian Armed Forces. The handing over of the Authorization Letter occurred during the International Defence Exhibition (IDEX) held in Abu Dhabi from 20 to 24 February.

Khalifa Al Ali, Managing Director of GRADEONE, said: “As we continue to develop our scope of defence trading capabilities within EDGE Group, we are proud to partner with BDL, a well-established manufacturer of high technology weapon systems for the Indian Armed Forces and international clients. By developing successful partnerships and capitalizing on our trading proficiency, GRADEONE has the privilege of broadening the UAE supply chain and strengthening in-country defence capabilities and components.”

Commodore Girish Raghunath Pradhan (Retd), Executive Director of BDL, added: "BDL is

delighted to be collaborating with GRADEONE, as well as contribute to the UAE defence sector by providing our trusted products to the region. We are proud to call GRADEONE, an outstanding provider of defence trading solutions, our UAE regional representative.''

Established in 2004, GRADEONE specialises in defence trading and services and providing various solutions to the military and defence sectors, including army, special forces, navy, air force, law enforcement, and search and rescue services. GRADEONE also provides sporting and hunting equipment, supplies and accessories. It is part of the Trading & Mission Support cluster within EDGE, one of the world’s leading advanced technology groups.
