EDGE Signs Memorandum of Understanding to Collaborate with VivoPower

EDGE Group entity, AL TAIF, the UAE's leading provider of maintenance, repair and overhaul (MRO) services for military equipment, today announced the signing of a Memorandum of Understanding (MoU) with Tembo ELV BV (Tembo), a subsidiary of VivoPower International PLC (VivoPower), to jointly collaborate and identify a framework of business opportunities towards sustainable energy solutions and joint commercial goals, including the conversion of internal combustion engines to fully electric vehicles. The companies may also participate in a transfer of knowledge and partner on product Research & Development (R&D), training in electric mobility and localised assembly operations.
