# EDGE Awarded UAE Ministry of Defence Contract to Supply Advanced GPS Anti-Jamming Systems

**Abu Dhabi, UAE: 19 February 2025** – EDGE, one of the world's leading advanced technology and defence groups, has been awarded an UAE Ministry of Defence (MoD) contract valued at AED 227 million to supply GPS-PROTECT anti-jamming systems. The deal was signed at the International Defence Exhibition & Conference 2025 (IDEX 2025), being held at the Abu Dhabi National Exhibition Centre (ADNEC) until 21 February.

Under the contract, EDGE's electronic warfare entity SIGN4L, will produce and supply GPS-PROTECT anti-jammer systems to the UAE MoD. The GPS-PROTECT is a compact and cost-effective anti-jammer system that safeguards global navigation satellite system receivers installed on prime mission equipment from interference and jamming.

Omar Al Zaabi, President –Trading and Mission Support, EDGE, said: "In today's operational environment, satellite technology is integral to the command and control, and navigation of most platforms, playing a vital role in achieving the mission objective. Capable of deployment on air, land, and sea assets, the GPS-PROTECT was purposefully developed to guarantee satellite signals remain available for continuous operation in a jammed environment. This contract is a critical step in ensuring the UAE Ministry of Defence achieves superiority across the electromagnetic spectrum."

Attendees of IDEX 2025 can visit EDGE and its portfolio of companies at indoor stand 05-

C20 in hall 5, and outdoor stand CP-270.
